HOLTEC

THE ORIGINAL. IN ORANGE.

PICCOLO

Our smallest model –
but at cutting a quite great one

Handy, precise and flexible in use – that is the Piccolo.
It should not be missing on any timber yard!

The cutting assembly with STIHL-chain 0.404" for extreme smooth surfaces
and cuts with narrow cutting kerf provides a lot of advantages:

- Higher cutting performances by faster chain speed and less cutting time
- Less sawdust
- Optimal price-performance ratio
- Everything from one source – machine, cutting assembly and service
- Worldwide experience
- Reliably by quality and experience
- CE-conform execution
- Electric motor 5.5 kW 400V/50Hz

Cutting assembly with 6 mm thick, completely stellite armoured guide bar and STIHL-0.404" chipper chain.

Separate drive for lubrication oil pump - this guarantees a constant lubrication under all conditions. Lubricant tank sufficient for approx. 4 h operation time.

Simple chain replacement without additional tools.

Technical specifications

Subject to technical amendments. All dimensions without commitment. Dimensions in mm.

Holtec cutting assembly = highest quality

- Guide bar completely stellite armoured and 4-fold turnable
- Equipped with original STIHL-chain with patented Oilomatic principle
- STIHL-lubrication oil for a long lifetime of chain, guide bar
- Everything from one source – machine, cutting assembly and service
- Holtec sharpening service – for best cutting results and long lifetimes

In cooperation with

STIHL

Light execution, modern design.
Suitable for cross sections of 1.15 m x 1.15 m.

Easy handling and low power requirement during cutting process. Pneumatic tires and 3-fold machine supports guarantee exact positioning and an angularly cut - under nearly all conditions. Available with pneumatic tires or solid tires.

Suitable for cutting logs, paper reels, plastic pipes etc., too.
